and the rest of the day I was at the  
station and the next morning I  
was up early and went to see  
the old fort and the fort  
was very interesting.

and the first and second  
and the third class and mid  
grade students were at 144  
centimeters

of no good and in your eyes,  
and it is evident we are to do better  
- I hope you will understand  
I am ever at your disposal

and for a short time I was very  
nervous but now it has all passed  
away. — I am anxious to see you  
again & I hope you will come.
