

The first of these is the fact that the
 government has been unable to
 maintain a stable currency. This
 has led to a loss of confidence
 in the government and a consequent
 fall in the value of the currency.
 The second is the fact that the
 government has been unable to
 maintain a stable economy. This
 has led to a loss of confidence
 in the government and a consequent
 fall in the value of the currency.
 The third is the fact that the
 government has been unable to
 maintain a stable political system.
 This has led to a loss of confidence
 in the government and a consequent
 fall in the value of the currency.
 The fourth is the fact that the
 government has been unable to
 maintain a stable social system.
 This has led to a loss of confidence
 in the government and a consequent
 fall in the value of the currency.
 The fifth is the fact that the
 government has been unable to
 maintain a stable international
 system. This has led to a loss of
 confidence in the government and a
 consequent fall in the value of the
 currency.
