

The first thing I did was to go to the
 bank and see what the interest was
 on my money. I found it was
 very low, so I decided to
 invest it in some other way.
 I bought some shares in a
 company that was doing well.
 I was very happy with the
 result. I had made a good
 investment.

I then went to the office and
 saw the manager. He was
 very kind and helpful. He
 showed me all the books and
 papers. I was very interested
 in what he had to say. He
 told me that the company was
 doing very well. I was
 very pleased to hear that.
 I decided to buy more shares.
 I was very happy with the
 result. I had made a good
 investment.
