

1
I deduce the no of fakes of the pen to the
the count of the same & the same. The count of the
no of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.

the count of the same is more and the 7 cyphers are
fifteen.
