1000 mg/day of 5% dextrose 30. Glucose tolerance test after 1 hour
for patients taking 1000 mg/day of 5% dextrose. The 200 mg/dl blood glucose
level was reached in 1 hour in all patients.

as well, ~~but~~ ^{so far as} I have seen, no one
has ever written a history of the state.

and the reference was made to the author's book on the subject. The author
had written a paper on the subject and had given it to the editor of the
magazine, who had accepted it. The author had also written a letter to the
editor, expressing his views on the subject. The editor had responded to the
letter and had accepted the article.

and the following day he was to be married to a Miss F. from New York.
