

PIS

Fragment of a manuscript page with dense, mostly illegible handwritten text in a dark ink on aged, brownish paper. The text is written in a cursive script, likely from the 16th or 17th century. The page is heavily damaged, with significant portions missing, particularly along the right edge and bottom, where the underlying parchment or paper is exposed. The word "PIS" is clearly visible at the top left. The text appears to be a list or a series of entries, possibly related to a medical or scientific treatise, given the context of such fragments.
