

I have been thinking of the
 state of the world and the
 people who live in it. I
 have seen many things
 which are very sad and
 which are very bad. I
 have seen many people
 who are very poor and
 who are very sick. I
 have seen many people
 who are very ignorant
 and who are very
 ignorant. I have seen
 many people who are
 very wicked and who
 are very wicked. I
 have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.

I have seen many people
 who are very wicked
 and who are very
 wicked. I have seen
 many people who are
 very wicked and who
 are very wicked.
