

SELLO QVARTO, DIEZ MARA-
VEDIS, ANO DE MIL Y SEISCIENTOS
TOS Y OCHO EN FAY DOS.

Yo el Rey... [The following text is extremely faint and largely illegible due to severe water damage and fading. It appears to be a royal decree or a list of names and titles, possibly related to the 'Diez marauedis' mentioned in the header. Some words like 'Gobernador' and 'Comandante' are faintly visible.]
