Journal of the
10th
1820
The first thing I did
was to go to the
store and buy some
provisions. I then
went to the mill to
grind some flour.
After that I went
to the field to see
how the crops were
growing. I found
that they were
growing very well.
I then went to the
river to see the
water. It was very
clear and deep.
I then went to the
mountain to see the
view. It was very
beautiful. I then
went to the house
to see the family.
They were all well.
I then went to the
church to see the
service. It was very
good. I then went
to the school to see
the children. They
were all learning
very well. I then
went to the store to
see the goods. They
were all very good.
I then went to the
mill to see the
flour. It was very
good. I then went
to the field to see
the crops. They were
all very well.
I then went to the
river to see the
water. It was very
clear and deep.
