10. Na refecção do 2.º Termino a audiência
 Crado e grande com o Príncipe e o seu Conselho

1. The Revolution of 1776 was a great event in the history of the world. It was the first time that a people had thrown off the yoke of a foreign master. It was the first time that a people had established a government of their own. It was the first time that a people had declared their independence. It was the first time that a people had fought for their freedom. It was the first time that a people had won their freedom. It was the first time that a people had established a government of their own. It was the first time that a people had declared their independence. It was the first time that a people had fought for their freedom. It was the first time that a people had won their freedom.
