

Wanted you to have a copy of my notes on
the subject of the new species of *Leptodora*
which I have just described. I have now
got up a sketch of what I think it is.
This sketch will do as well as any other
as nothing else would do, but yet it is not
so good as the original which I have
now lost. However there is no difficulty in
making a good copy of it if you want one.
I have also got a sketch of the new
species of *Leptodora* which I have just
described. I have not yet got a copy of
it, but I will send you one as soon as I can.
