

I have received your letter of the 15th of this month
 and am glad to hear that you are well and
 hope you will continue to be so for some time
 yet. I am well at present and hope the same
 will befall you. I have not much news to
 write you at present. I am still in the
 same place and am well as usual. I have
 not much news to write you at present. I
 am still in the same place and am well as
 usual. I have not much news to write you
 at present. I am still in the same place
 and am well as usual. I have not much
 news to write you at present. I am still
 in the same place and am well as usual.
