

The first of these is the fact that the  
 number of the series is not a multiple of  
 the number of the terms. This is a  
 consequence of the fact that the series  
 is not a geometric series. The second  
 fact is that the series is not a  
 harmonic series. The third fact is  
 that the series is not a series of  
 squares. The fourth fact is that  
 the series is not a series of cubes.

The fifth fact is that the series is  
 not a series of fourth powers. The  
 sixth fact is that the series is not  
 a series of fifth powers. The seventh  
 fact is that the series is not a  
 series of sixth powers. The eighth  
 fact is that the series is not a  
 series of seventh powers. The ninth  
 fact is that the series is not a  
 series of eighth powers. The tenth  
 fact is that the series is not a  
 series of ninth powers. The eleventh  
 fact is that the series is not a  
 series of tenth powers.

The twelfth fact is that the series is  
 not a series of eleventh powers. The  
 thirteenth fact is that the series is  
 not a series of twelfth powers.
