

The first thing I saw was a
 very large tree with a
 hollow in the trunk. I
 went in and found a
 nest of birds. The birds
 were very small and
 I saw many of them.
 They were very tame
 and I was able to
 touch them. I saw
 many other things
 but I did not
 have time to
 describe them.

I saw a very large
 snake in the water.

I saw a very large
 tree with a hollow
 in the trunk. I
 went in and found
 a nest of birds.
