

When I see thee
 I find thy spirit rose
 From my heart as the
 sun from the east
 My friends are scattered
 All by my friends but
 I am still in your
 hands and will be
 ever yours
 My dear friends
 I am ever yours
 My dear friends
 I am ever yours
 My dear friends
 I am ever yours
 My dear friends
 I am ever yours
 My dear friends
 I am ever yours
 My dear friends
 I am ever yours
 My dear friends
 I am ever yours
