

Learn to be a man of letters
It is not enough to know
The letters of the Alphabet
But to understand the sense
And the use of the same
In all the branches of Learning
Which are necessary for a Gentleman
To be able to converse
And write with ease and purity
In any Language
Which is now in use
Or may be hereafter
The French and Italian
Languages are the most
Necessary to be learnt
Because they are the most
Common and the most
Useful to all Men
Of Quality and of Business
The Latin Language is
Also necessary to be learnt
Because it is the Foundation
Of all the other Languages
And it is necessary
For a Gentleman to be able
To read the History and
Poetry of the Ancients
In their own Language
And to be able to write
In any Language
Which is now in use
Or may be hereafter
The English Language
Is the most necessary
To be learnt
