In the name of the Father, Amen
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well

I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well

I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well

I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
 I have been thinking of you very much
 and I hope you are well
