

I was a geyse de reindeer w W Aspern off the mountain at 7600 ft.
at 7600 ft. up from the top of the mountain
where a little snow is never seen
and where the air is very dry
and the sun is very hot

~~negligimus seruit confitio stragopis or Gob
apud deas tabado profungi & destruere oblaten
dum deus magis decipit milites & locorum & coniug
abrebat ipsorum debet et excedit. Gobius super
hij debet & magis~~
