

†
The first part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
The second part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
The third part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
The fourth part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
The fifth part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
The sixth part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
The seventh part may be seen in the
musey of the city of London
where the same is written in
the book of the same name
and is written in the same
manner as the other

†
